

**SOUNDS OF SUPERIOR CHORUS  
YOUNG WOMEN IN HARMONY  
HARMONY WORKSHOP**

The Sounds of Superior Chorus held a "Harmony Workshop" on Saturday, May 23, 2009. The workshop was open to all girls under the age 25 and was offered free to participants.

Workshop faculty included Pat Teorey and Jackie Knowles. A choreography workshop with Pat Teorey was held for the Sounds of Superior Chorus in the morning and the Harmony Workshop was held in the afternoon.

The afternoon started with a great warm-up session with Pat. Jackie then taught the girls the song Locomotion and Pat added the choreography. By the end of the afternoon the girls performed the song with the choreography. Some members of the Sounds of Superior Chorus learned the song and sang along with the girls. Our YWIH quartet Surround Sound greeted guests at the door and helped with the learning.

Everyone that attended had a great time as well as one of the mothers that joined in. At the end the girls were anxious to learn more. Some met new friends and learned they would be attending the same high school with plans to get together and sing.

Cookies and drinks were served provided by the Sounds of Superior Chorus members and the names of the participants were put in for a draw.
